P.O. BOX 543  
LIMA, OHIO 45802**

**To: House State Government and Elections Subcommittee on Redistricting &  
Senate Select Committee on Redistricting**

**From: Robert J. Thompson Chairman Allen County Ohio Patriots  
Date: July 31st, 2011**

**A special word of thanks is expressed by the Allen County Ohio Patriots to the ladies and gentlemen of the House Subcommittee and the Senate Select Committee for your dedicated service to the citizens of Ohio.**

**We, the members of the Allen County Ohio Patriots, wish to maintain the Ohio's 4th U.S. Congressional District as it currently exists, without change. This district, as currently drawn, serves its citizens well. Currently represented by U.S. Congressman Jim Jordon, and previously by former Congressman Oxley, the conservative political climate of the region has been and is well represented.**

**The Ohio 4th U.S House district is geographically grouped with like minded citizens from Auglaize to Richland and Hancock to Champaign Counties. These counties are predominately rural and agricultural, intermingled by small cities and villages. All of these counties reflect traditional bedrock values.**

**As an example, the current representation exhibited by Congressman Jordon is exactly the leadership we, the citizens of the 4th district, appreciate and desire. His special efforts and untiring direction, in attempting to fix the large and ever growing debt the United States Government has incurred, is admired and appreciated. His grasp of the magnitude of the issues involved, and the tenacity required to drive change, is a gift to all who live in this district.**

**It is the strongly held desire of the Allen County Ohio Patriots that no change to this district be effected.**

**Thank you for your time.**

**Sincerely,**

***Robert J. Thompson  
Chairman, Allen County Ohio Patriots***
