Instructions for Independent Expenditures made by Individuals, Partnerships or Other Entities Form 30-E

This form is used to report an independent expenditure made for or against a candidate or ballot issue. An independent expenditure is not made with the consent of, or coordinated with the candidate's campaign committee, a registered PAC or ballot issue committee, a political contributing entity or its agent. If the item or service provided was made with the consent of, or in coordination with, the benefiting committee, no reporting requirement exists for the individuals, partnerships or other entities making the expenditure. For ballot issues only, independent expenditures of less than or equal to \$100 were made, this form is not required to be filed.

This form stands alone and should **not** be filed by a campaign committee, PAC, political contributing entity, legislative campaign fund or political party. Registered committees that make independent expenditures should file Form 31-U. If corporations or labor organizations make independent expenditures in regards to a ballot issue, those expenditures are filed on Form 30-B-2.
